

**PRESIDENT MESSAGE DURING THE 37TH ANNUAL GENERAL MEETING
OF PANOLI INDUSTRIES ASSOCIATION HELD ON 27TH APRIL 2022 AT
PIA AUDITORIUM**

My valued & respected industries members, and my Colleagues in the Managing Committee ,

With great privilege and pleasure, I welcome you all to the 37th Annual General Meeting of our Association.

As we all are aware an Association always works on a system of shared responsibilities and duties. The task to thrive and achieve the goal of developmental activities of Panoli GIDC estate made relatively easier with the joint and dedicated commitment of the Managing Committee Members and ever supporting member industries. I have no word to express my heartfelt thanks to them for this supports.

Since last two years, we are in the midst of humanitarian, economic and social crisis. We have lost some colleagues from the Managing Committee and from the industries due to covid pandemic . It pains us a lot & let us pray for the eternal peace of their soul.

Despite all these odds, the industries tried to maintain the tempo of its activities though not fully and succeeded in overcoming various functional issues. Now the industries, business establishments and the life of people are coming to normalcy. The economic growth in the country is also showing upward trend which gives us tremendous hope of improvement in all sectors of life.

At Panoli, it is always our utmost priority to improve the infrastructure and other facilities for the ease functioning of the industries and I am proud to say that from its starting, now Panoli GIDC estate has grown to a vibrant and mega industrial estate in Gujarat and with the support of my colleagues and member industries we are making all out efforts to take it to new heights.

At this juncture, I am happy to inform you that we have received the revised Environment Clearance from MoEF and CTE from GPCB for our TSDF Project and we are getting ready to restart the balance works of TSDF project. We have started using our auditorium for various meetings & function with large gathering and other business purposes. The expansion works of PETL and 2nd Spray dryer is going on in full swing and on commissioning these will further ease the effluent discharge of MSMEs in Panoli GIDC estate.

I once again assure you all that we will always be with the member industries in all their needs and you are free to contact me and any of our Managing Committee members when needed.

Thanking you once again and expecting your wholehearted supports in our journey of excellence.

B.S. PATEL
PRESIDENT
PANOLI INDUSTRIES ASSOCIATION
